VALENTINI **LAB**

3D TECH SOLUTIONS

CHI SIAMO

Stampa 3D di altissima qualità, in materie plastiche e gomma. Reverse Engineering,
Scannerizzazione Laser, CNC.

Siamo un team di tecnici progettisti specializzati nella produzione di parti di ricambio introvabili
per auto d'epoca.

Applichiamo soluzioni innovative per soddisfare le esigenze di tutti coloro che hanno il
problema di sostituire un particolare danneggiato o ormai introvabile delle loro auto.

Prendi visione del nostro negozio online e contattaci per qualsiasi informazione o richiesta.

ABOUT US

High-quality 3D printing in plastics and rubber. Reverse Engineering,
Laser scanning, CNC.

We are a team of design engineers specialising in the production of unobtainable
spare parts for classic cars.

We apply innovative solutions to meet the needs of all those who have the
problem of replacing a damaged or now unobtainable part of their cars.

Have a look at our online shop and contact us for any information or request.
